Safe, Warm and Dry Update

Eric Herman, Capital Projects Manager, stated that Osborne has submitted their full set schematic design for Carnegie West for review. Following the review, comments will be sent to Osborne. Although the project has been broken down and the expected scope meets the expected available budget, some category 3 and category 4 items had to be removed from the list to accommodate other items with more urgent priority. These items were not urgent at the time the Westlake Reed report was made available.

Finally, Mr. Herman stated that the Construction Manager at Risk request is out. Responses are expected by April 26, 2017 for review. We would like the Construction Manager at Risk to be on board to provide their input at the time for the DD drawings are reviewed. This will

ensure that the Library is provided with estimates and recommendations on better ways to construct the project involving multiple buildings.

Programs, Services & Exhibits

Learning Commons

Cleveland Digital Public Library regularly hosts classes. During March, we regularly hosted CPL Fit Yoga, Meditation Mondays, Chess for Kids, and CPL Chess Club. Assisting Youth Services, ClevDPL hosted children of an international refugee group. The unit is in the process of developing new curricular offerings that are derived from the digital gallery, developed with departments and branches at CPL, and coordinated with external partners. Programs will include classes on digitization and video, classes on the use of Google and Google apps, and classes on using digital coaching tools. Our Digital Hub area has been equipped with laptops that have may

reserved for use by the public (and have been used), and we will continue to offer 3D scanning as a service using a new HP Sprout Scanner.

Exhibits

The "Wonder of Shakespeare" remains on display in Brett Hall, and "Making and Faking Shakespeare" was taken down on February 27th by Special Collections Staff.

"Question Bridge," a multimedia exhibit exploring the experience of African-American men in America was taken down on February 28th. We still have a Fourth Folio borrowed from the University of Akron on display in Brett Hall. 'Shakespeare in Translation' was taken down March 17 in anticipation of the Superman install scheduled for March 20th. We have concluded our showings of Shakespeare the Animated Tales (Tuesdays and Thursdays at 12:30 and 5) and Wednesday tours. Shakespeare exhibits in Brett Hall will be taken down during the final week of March.

Magic Box

Cleveland Digital Public Library has placed the Magic Box exhibit case on display in Brett Hall. We will be removing both physical and digital materials relating to Shakespeare during the final week of March. We are currently developing content for the Magic Box related to the upcoming Superman exhibit.

Videography and Photography

ClevDPL has begun collaborating with Sports Research Center by creating interview videos. After working to update rights clearances on forms, these videos are being loaded onto Internet Archive, and Sports Research Center staff will be providing time-indexed tables of contents to enhance the ContentDM records pointing to the interviews.

During the first three weeks of March ClevDPL produced photos for a Hungarian event (photos), Progress with chess (photos), Progress with chess (video), Government docs (photos), Two old sports research interviews (video editing), Music at main (photos), Music at main (video), Crossing border's day 1(video), Crossing border's day 2 (video), Youth Services St. Patrick's day photos, St. Patrick's day (video), Sports research interview (video), Reading room (photos), 8 audio interviews of old sports videos (editing), Youth Services Staff Portraits (photos).

Scanning Assistance

Cleveland Digital Public Library staff assisted over 10 reservations and drop in sessions of two hours (or more) in length. There was scanning of both large personal and library collections in the Digital Hub. Patrons used the Epson 11000XL flatbed, ATIZ book scanner, and I2S oversized flatbed scanner to accomplish their projects for personal and publication use.

Public Services Statistics

Patron Visits: Between March 1st and March 22th the Cleveland Digital Public Library had 332 visitors. There were 78 KIC Scanner sessions resulting in 2638 images/6353.5MB or somewhat more than 6 GB of scan volume.

Digital Gallery: From March 1, 2017-March 22, 2017 (9 days shorter than the full month) Google Analytics (GA) reports 3935 sessions for 2922 users and 18,774 page views. Per **GA**, our user base skews toward males, our users are 54% Male and 46% female. Per **GA**, our age breakdown skews towards youth. The age numbers are: 18-24 is 27.50%, 25-34 is 33.50%, 35-44 is 15.50%, 45-54 is 12.50%, 55-64 is 5.50%, and over 65 is 5.50%. Per **GA**, the bulk of our users have English set as their language preference; however, we have numbers of Spanish, French, Italian, German, and Chinese speaking users. Additionally, **GA** user statistics related to location indicate that we have users from the US, United Kingdom, Canada, Italy, Saudi Arabia, Spain, France, Australia, the Netherlands, and Germany. Finally, **GA** shows that we have a diverse group of pages that deliver users to CPL's ContentDM. Organic Search channels 41.14% of our accesses (Google search is the most common channel to our Digital Gallery at 37.03%). Direct access through CDM search accounts for 29.23% of our accesses. Referrals through other website are about 20% of our access volume (referrals from Wikipedia are up a few percent, but referrals from our library website are down almost 15% - it's possible that the redesign has eliminated a point of access by removing a main page link to the digital gallery). Finally, Social media now accounts for 10.11% of our accesses (of that 10%, Facebook accounts for nearly 2/3 and Twitter the remaining 1/3). Nearly a quarter of our sessions occur on mobile devices, and we are looking forward to OCLC's use of responsive design for ContentDM. 10% of our uses occur on tablets.

Outreach

Twitter has been introduced as a tool for promoting the Digital Gallery, with some success. ClevDPL did 21 tweets, and has 22 new followers for a total of 311. Likely because we are reporting more than a week early this month, both profile visits, 730, and total impressions/views, 20,800 are down this month. Our top Tweet was Happy #InternationalWomensDay Belle Sherwin was a feminist leader, born in Cleveland, and vice-president of the Natl. League of Women Voters

Collection Development

Library Staff Does Digitization

Cleveland Digital Public Library staff has scanned 104 items (3,206 files), post processed 94 items (3,813 files), and uploaded 395 items (704 files) into the Digital Gallery. CPL departments uploaded 51 items themselves, and we are glad to see this trend.

Preservation

Preservation staff did the following:

Paper treatments: 61 items (81 sheets for complex repair)

Book treatments: 48 (22 simple, 26 complex)

Enclosures: 12

Labels printed: 26

Books received: 70

Books returned: 41. Preservation staff has continued disassembly and repair on the American edition of Boydell's Shakespeare Gallery.

Environmental Monitoring

Working with buildings including Property Management Supervisor Tim Murdock and Oliver Reyes, Dr. Ewing continues to monitor from 22 placements around Main and LSW using PEM II environmental monitoring devices. We have added an additional five placements at the Lakeshore Facility and have begun monitoring all five of them. We are also monitoring the collections processing room at Lakeshore. We are regularly collecting and uploading data into E-Climate Notebook for sharing and analysis. We have now licensed an additional 10 slots in E-Climate Notebook so that we can effectively gather and share information from exhibit areas monitored by our portable monitors (Artens, Hobos, and PEMIIs)

Facility Report

ClevDPL has begun drafting an American Museum Association facility report for Cleveland Public Library. We are currently working with several units in the library to get the report completed. We have a sketch of our facilities conditions that we have labeled a 'facilities brief' to use as a stop-gap until we have been able to monitor and record conditions for the requisite year.

Shakespeare Exhibits

ClevDPL has been using Arten devices to monitor light, temperature and humidity levels in Brett Hall, and the John G. White Gallery where rare materials have been installed. These readings are being recorded and maintained for future reference. Brett Hall is also being monitored with a PEM II device. The Shakespeare exhibit was de-installed in January in order to make space in Brett Hall for an event. The exhibit was reinstalled in March. All Shakespeare exhibits in Brett Halls will be de-installed during the week of March 27-31.

Superman Exhibits

ClevDPL has been involved in repairing, prepping, and preparing items for display for the May 6 Superman opening. ClevDPL is coordinating with the Intermuseum Conservation Association to overseeing boxing of selected items from the collections. The department has been taking part in the planning discussions regarding the exhibit being curated by the library.

Metadata Revision

ClevDPL staff members are part of the way through the process of implementing our plan for revising and updating records from the Digital Gallery to make our metadata ready for inclusion in DPLA. We continue to revise metadata in preparation for DPLA.

Planning Activities**Inter-Library Loan Integration**

ClevDPL staff have been working with the library's process improvement group to facilitate the integrating of the Inter-Library Loan unit into ClevDPL. ClevDPL is working with Special Collections to resolve space-allocation concerns. We have developed a plan that will make use of a newly designated area in stacks storage for collections processing. Furniture for an ILL

workstation has been placed in the Special Collections workroom. Currently, the plan is to complete the integration in early 2017, and a meeting presenting the work of the process improvement team with regard to ILL to the team at ClevDPL has been rescheduled for April.

DPLA Ohio

Cleveland Digital Public Library continues to strongly participate in the development of the Ohio DPLA. We continue to upgrade our metadata for submission to the DPLA. In preparation for DPLA, we completed an analysis and prioritization of records to upgrade and make ready to contribute to DPLA. We are well on our way in the revision and update process involved in making our metadata ready for DPLA.

OLBPD

LEARNING AND EDUCATION

City as a Classroom

Along with Director Thomas, Marina Marquez, and Tracey Martin, met with CMSD's Design Lab Early College High School's Campus Coordinator, Sean Wheeler, to discuss how merging the Maker Movement and the Common Core Curriculum has created a new educational paradigm for public education. This model implemented through project-based learning that is a dynamic approach to teaching in which students explore real-world problems and challenges. With this type of active and engaged learning, students are inspired to obtain a deeper knowledge of the subjects they are studying.

Collaboration with Cuyahoga Community College (Tri-C)
Effective Monday, April 3, Tri-C's Dr. Elijah Scott, the new program manager for the Educational Opportunity Center, a TRiO based program, will be scheduled four times a month at the both the Fleet and Addison branches, opposite the days that OMJ is scheduled in those branches.

Description of TRiO from Tri-C's Website:

The goal of federal TRiO programs is to assist low-income and first generation youth and adults to enroll in and complete a post-secondary program. The TRiO Programs at Cuyahoga Community College help prepare students for:

- successful completion of secondary education
- admission into a post-secondary institution
- retention and completion of post-secondary education
- preparation for successful post-baccalaureate programs

The TRiO Programs identify students who show potential for success and provides encouragement, support, and assistance. <http://www.tri-c.edu/trio-programs/>

As they identify additional staff to participate, Tri-C's Director of Access and Community Engagement, Andrew Cox, Ph.D., has expressed an interest in scheduling other TRiO staff in other branches in the CPL system.

CPL|OMJ Collaboration March 2017 Statistics

Patrons: 27

Number of patrons signed-in: 27

Number of patrons who completed OMJ counseling: 27

Number of patrons unable to wait for OMJ counseling: 0

Supplies: Branch computers

Additional comments and observations:

The overall response was generally positive. On average patron wait time is no more than 5 minutes. Substitute assists walk-in patrons without a resume to help expedite the process. One patron returned to inform the Employment Specialist that he received a job offer. One patron learned that OMJ was at the Fleet Branch from her aunt who participated in the program two days prior to working with the Employment Specialist. The Employment Specialist introduced a patron to WinWay to help her create a resume. The patron was satisfied and appreciative of how easy it was to create a resume and couldn't wait to share the information with friends. Patrons are often overwhelmed with the thought of having to create a resume. Another patron returned to inform the Employment Specialist that she had an interview. The Employment Specialist connected another patron with apprenticeships in the area. One patron was enthusiastic about a job opening and was pleased to be able to automatically apply to the position and other position using the OMJ website. Several patrons were able to apply for unemployment benefits. One patron was very happy to be able to accomplish so much at the session which included filing for unemployment benefits, resume building, and furthering her education by applying for college programs that offer medical billing certifications. One patron was able to apply for a job at Walmart and receive interview training from the Employment Specialist. Patrons appreciated the help and came away feeling more knowledgeable about the job search. Overall, patrons appreciated the one on one time dedicated to helping them find jobs.

Special Attention, Special Events, and Significant Incidents

- 3/8, the Rice branch SPS Officer saw a large group of juveniles circling 2 females in a verbal altercation. Officer stepped in-between the females and escorted the victim inside. CPD was advised as well as SPS. Juveniles became aggressive, throwing rocks and branches at the entrance of the branch. The Royce Officer cleared the juveniles.
- 3/9, the Carnegie West SPS officer and branch patrol officers approached a male patron for using inappropriate language, being loud, and disturbing

patrons and staff. Officers determined the patron was intoxicated. When asked to leave, the patron made threats to the Royce Officer. The patron was verbally issued a 30 day expulsion.

- 3/9, Sterling branch staff told SPS about an incident that took place inside the branch between 3 male juveniles. They were asked to take the discussion outside and one of the males punched another in the face. SPS advised the branch to lockdown until SPS or CPD arrived because gang retaliation threats were used.
- 3/15, SPS was dispatched to the Main building's Youth Services Department in regards to an assault that took place involving three juveniles. The victim stated that while walking through the Youth Services Department two juveniles started to throw books and physically assault him with punches and scratching his face. There was minimal information as to a description of the two suspects who fled before SPS responded.
- 3/20, the South Brooklyn SPS officer was approached by a woman who claimed her boyfriend who recently tried to abduct her was in the branch. SPS advised Cleveland police of the accusations; CPD took further action to complete an investigation.
- 3/21, the South branch page reported she was feeling uncomfortable with the behavior of a patron. She reported the patron was staring at her and seemed to be following her. Another female patron also made a similar complaint about the same patron. The patron involved was the male who assaulted another patron in October of 2016. Security spoke to the male and he returned to the branch without further incident.
- 3/23, the 1:15am - 9:45am SPS officer was on duty downtown when he noticed a vehicle in the Fulton branch parking lot via cameras. A male got out of the car and attempted to gain access to the maintenance door on the rear of Fulton branch. CPD was dispatched but the male was gone before CPD arrived.
- 3/23, the Carnegie West Royce security guard witnessed a male patron assaulting a female while using the computer in the adult room. The female requested CPD be contacted and charges pressed against the male. SPS and CPD responded to the scene and CPD transported the female to Tower city.

- 3/30, at South branch an older white male came into the branch and pointed at a staff member and said, "I will f*** you up you cocks***er." He then came back up to the desk and said he was going to "fu** you up" to the staff member and that he would see him outside. The patron then followed staff to their vehicles and took pictures of them. SPS did a follow up investigation and CPD was contacted. A report was generated with CPD. *SPS later made contact with the male inside of LSW and issued a 30 expulsion.
- 3/31, at Addison the branch laptop was missing from behind the circulation desk. SPS was contacted to review the video footage. The tape showed two individuals a male and female involved in the theft. The female was distracting staff member with questions, while the male snuck behind the desk and took the laptop. SPS will attempt to make contact and press charges on the individuals.

INFORMATION TECHNOLOGY & CLEVNET

The CLEVNET Directors Panel met on March 22, 2017, at Burton Public Library in Geauga County to plan the next quarterly CLEVNET meeting, check progress on the

strategic plan, and discuss various issues brought forward by the membership. Much of the discussion centered on the work of the ad hoc committee charged with revising CLEVNET's bylaws, headed by Julianne Bedel, Director of Barberton Public Library. While very much appreciative of the strong support and commitment from CPL's current leadership and trustees, the Panel members remain concerned that the current bylaws offer little protection to the membership should CPL's future leadership not share that same commitment to CLEVNET. The Panel members would like to give the bylaws "more teeth" while preserving what is beneficial about the current relationship. James Tolbert, Panel Chair and Director of the Milan-Berlin Library District in Erie County, will discuss the revision of the bylaws when he meets with CPL Director Felton Thomas on April 11, 2017, at Milan Public Library.

CLEVNET Projects

- CLEVNET Director Hilary Prisbylla and her staff continue to work tirelessly on the million and one details that must be addressed before Rocky River Public Library (RRPL) migrates to CLEVNET in May.
- Configured and installed new network equipment at RRPL to prepare for migration to CLEVNET.
- Cut over RRPL's network connection to CLEVNET on March 21 before 8:00am; 20 minutes down time.
- Upgraded network equipment at various CLEVNET locations in preparation for VoIP conversion to CLEVNET.
- Upgraded routers, switches and APs across CLEVNET in an ongoing infrastructure upgrade.
- Planning continues to move CLEVNET data center to the SOCC (State of Ohio Computer Center).
- Created a new child domain and domain controller for RRPL.
- Retired and replaced ntcplus1 and ntcplus2 due to age, end of life for the operating system, and reliability.

Staff News

- IT Director Larry Finnegan was a judge for the Midwest Regional Collegiate Cyber Defense Competition.

The next quarterly of the CLEVNET Directors will be held on Friday, April 28, 2017, at 9:30 AM at Hudson Library & Historical Society in Summit County.

Ms. Rodriguez adjourned the Regular Board Meeting at 12:51 p.m.

Customer Name:	Cleveland Public Library	Anthony Balasko 216-750-9183 Anthony.balasko@cdw.com
CDW Affiliate:	CDW Government LLC	
Effective Date:	April 6, 2017	Requesting Party:
Change ID:	REQ55661-1	Nancy Mocsiran – Cleveland Public Library

This change order (“**Change Order**” or “**CO**”) is made and entered into this April 6, 2017 (the “**Effective Date**”) by and between the undersigned, CDW Government LLC (“**Seller**” and “**we**”), and Cleveland Public Library (“**Customer**” and “**you**”), and amends that certain Cleveland Public Library-2016.07-SP Online Branding Statement of Work made effective May 31, 2016 (“**Statement of Work**” or “**SOW**”).

CHANGE DESCRIPTION

This Change Order modifies the SOW and any previous Change Orders. The changes are detailed below:

This Change Order adds additional estimated units as per the table below.

Seller will provide Microsoft SharePoint consulting services on an ad-hoc basis. Any ad-hoc requests subject to Seller consultant availability.

ADDITIONAL PRICING

This Change Order will incur additional fees that will be charged in addition to the fees provided in the SOW. The new fees are detailed below:

Services Fees will be calculated on a TIME AND MATERIALS basis.

The invoice amount of Services Fees will equal the hours actually worked (“**Consultant Hours**”) multiplied by the rate applicable for the consultant (“**Hourly Rate**”) (see Table 1 below).

The Total Estimated Services Fees of **\$23,940** is merely an *estimate* and does not represent a *fixed fee*. Neither the Total Estimated Consultant Hours of **126** nor the Total Estimated Services Fees are intended to limit the bounds of what may be requested or required for performance of the Services. Seller shall keep Customer apprised of project progress and will formally notify Customer when total expenditures reach eighty percent (80%) of Total Estimated Service Fees. Customer shall not be obligated to pay fees in excess of \$23,940 without approval of its Board of Trustees.

Table 1 – Services Fees

Consultant	Function	Hourly Rate
Engineer	SharePoint Consultant	\$190

The rates presented in Table 1 apply to *scheduled* Services that are performed during Standard Business Hours (meaning 8:00 a.m. to 5:00 p.m. local time, Monday through Friday, excluding holidays). When Seller invoices for scheduled Services that are not performed during Standard Business Hours, Services Fees will be calculated at 150% of the Unit Rates. For any unscheduled (i.e., emergency) Services performed at any time of the day, Services Fees will be calculated at 200% of the Unit Rates.

When Services are performed at any Customer-Designated Location(s) (as defined below), Consultant Hours will be measured in one (1) hour increments with a minimum of four (4) hours billed for each day. When Seller personnel must travel more than two (2) hours a day to work at any Customer-Designated Location(s), there will be a minimum of eight (8) hours billed for each day (less travel time that is invoiced pursuant to the "Expenses" section below).

When Services are performed remotely, time will be calculated in one (1) hour increments with a minimum of one (1) hour each day.

Upon notice to Customer, Seller may adjust the rates above, provided that the rates will remain fixed for at least six (6) months after the SOW Effective Date and then again for at least six (6) months after any subsequent adjustment.

The rates above only apply to Services specified in this SOW as it may be amended by one or more Change Order(s).
