Re: Donation of hand-knitted caps and scarfs

Dear Mr. Thomas:

On behalf of 2100 Lakeside Men's Shelter, I would like to thank you and your staff for the generous and much needed donation of beautiful hand-knitted clothing. Winter is especially difficult for the men at the shelter and having warm clothing to wear means a great deal. It is even more meaningful because it was made by hand and provided by members of the Cleveland community.

We truly appreciate your thoughtfulness and generosity in support of our goal to help men become fully independent.

Sincerely,

Annie Holden
