Dear John,

I would like to thank you John, Tom Corrigan and Tim Diamond in helping us find the best use of our donated funds that we wanted to be used in memory of Marcel Craciun. We are a group of very diverse women that live in and or lived in the Edgewater neighborhood for many years. Some of us have moved out to the suburbs, but we have all remained the most wonderful friends. We have a wonderful book club group and felt that we wanted to do more than just send flowers upon Marcel's untimely passing.

Enclosed please find various checks totaling \$1000.00 from our Book Club. From our various conversations with you, we had two requirements that needed to be met. We wanted our donation to be used only at the Walz Library, which is the closest branch to the Edgewater area that Marcel lived in. This will comply with our desire that the funds have something to do with books. The second stipulation is that the funds are to be used mainly for children's furniture for the children's area, with any remaining balances used as needed for children's items. This will comply with our second desire to remember how much Marcel loved not only her children, but also all children.

The donations are from the following members of our book club.

Marlou Monago  
Patricia Melaragno  
Darlene Wegrynowski  
Alexandra McAdams  
Galen Schuerlein

Norma Sliman  
Carol Bongers  
Judith Wolfe  
Joan Baker  
Sandy Kozelka

Linda Meglin  
Irene DeGrandis  
Kristen Cliffl  
Cat Richards

Mary Denihan  
Kathy Kelly  
Pam Howard  
Diane Gillispie

Again thank you for all your help.

Sincerely,

  
Darlene Wegrynowski

Dear Mr. Thomas:

Recently I had the delight of requesting assistance from two of your employees, Ms. Sandy Witmer, Senior Subject Librarian, Business, Economics & Labor Department, and Ms. Melanie McCarter of the Microform Center. The project in which I was engaged required records dating back to the early 1950s and consequently not readily available through normal Internet channels.

The service which each of these individuals provided was expeditious, professional, and highly competent. I commend their performance and that of your library. In an age of often mediocre acquittal, your staff has demonstrated a refreshing dedication to excellence.

Sincerely yours,

Michael J. Armes, Esq.

Dear

3/25/2011

Would like to inform you of a wonderful learning experience I had at the library. It was a pleasure working with Mrs. Cunningham who is a librarian at the Martin Luther King Library. My appreciation is genuine for her assistance teaching me Microsoft Word.

I was able to create a resume and cover letter. Mrs. Cunningham is dedicated and committed to her profession! She is extremely knowledgeable with computers and is eager to share this with library patrons. I am certain that others share my exact opinion.

Prior to my lessons at the Martin Luther King Library, I had limited experience concerning computers. Now I am able to create letters, resumes, and many more documents. Mrs. Cunningham is an asset to the library!

Sincerely,  
MaryKay Murphy
