

Letter of Support for Cleveland Public Library - Sterling Branch

Hello, my name is Marzhan Brown. I'm a 7th grade gifted and talented scholar at Wade Park elementary school. I am here to tell you what I like, how long I've been coming, and more about the Sterling Branch. I'm so glad to have this opportunity to share this with you.

Let me tell you more about me. I'm 14 years old and I've been coming to Sterling since I was 4 years old. This branch has taught me a lot in that 10 year differential. Also, I have a syndrome called Ehlers-Danlos Syndrome. It's a rare syndrome. It causes me to be overly flexible, and have elastic skin. With that being a part of me I had to face difficult obstacles in my life. People have always called me too skinny, and always asked me did I ever eat. These are some important things to know about me.

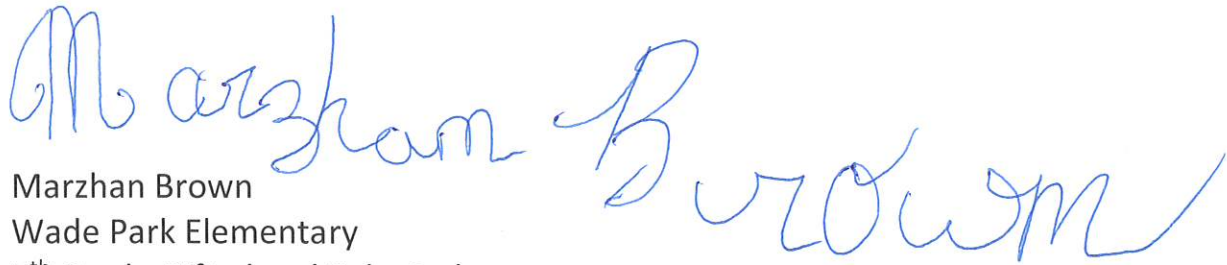

Can I tell you about the staff? First, I'd like to tell you about the help the staff share. When there is help needed there is help provided. No matter what the circumstance are, the staff is always there to help. Next, whenever the patrons are going through something at home the staff is always there for their support. After that, I'd like to talk about the community inside and out the library. The staff makes sure the patrons are ok every single day even when the patrons leave the Branch the staff make sure they're ok by walking out behind them. Finally, one thing I love about the staff is even when the patrons don't need help the staff make sure they got it.

Now I'm going to tell you some of the programs they have here at Sterling Branch. I'm going to tell you about my favorite program of all. My favorite program is the "KPMG" program. This program is summer reading. I like this program most because I love to read. This program introduced me to my favorite book "Diary of a Wimpy Kid". I also love this program because of the treat at the end - Ice Cream!!!!

Another program the branch has is called the "bow blanket" program. This is when you can make a blanket for a loved one during Christmas time. The last program I'd like to talk about is "the summer lit league" program. In this program you'll make an account with your name and information in it and the maximum books you have to read was 20 but you could also read more. I love this program because it helps all patrons with learning to read. The more you read the better the grammar.

These are some of the things I love about the Branch. I'm so glad I shared this with you.

Sincerely,

A handwritten signature in blue ink that reads "Marzhan Brown". The signature is written in a cursive style with a large, stylized 'M' and 'B'.
