Re: Donated Supplies

We, the members of Imani Temple Ministries, along with our ministers and staff, wish to thank you and the entire Cleveland Public Library organization for having products available for distribution. These products are vitally needed by our Imani Temple congregation and our surrounding community.

The library representative was organized, courteous and very helpful. It was a smooth process and we are grateful to be included in the distribution.

Many of our congregation are patrons of Cleveland Public Libraries and look forward to continuing our relationships.

Thanks again,

**Rev. Dr. Rodney S. Thomas**
